

Acknowledgments

The research leading to this monograph and the substantial publication costs were supported by Public Utility District Number 1 of Chelan County, Wenatchee, Washington. We are grateful for the unique opportunity to explore this subject matter. In particular, we thank S. D. Smart and R. A. Nason of the Public Utility District for their assistance.

Comprehensive reviews of early drafts of the monograph were provided by S. T. Buckland and D. L. Otis. Review comments on various parts of the developing manuscript were received from W. J. Ebel, D. H. McKenzie, J. D. Nichols, P. J. Rago, C. Schwarz, J. R. Skalski, J. W. Wilson, and W. D. Youngs. We thank these individuals for their competent help.

A. N. Arnason, L. L. McDonald, and M. G. Southward provided the formal technical review for the American Fisheries Society. Their suggestions allowed the quality of the manuscript to be much improved. P. H. Eschmeyer made detailed editorial suggestions that improved the clarity and readability of the text. Our special thanks go to B. A. Knopf, who assisted in the preparation of the many drafts of the manuscript, provided editorial expertise, and produced the final camera-ready copy. Her efforts are most appreciated.

F. C. Bellrose, K. H. Berry, B. J. Deuel, J. D. Nichols, A. W. Stokes, and F. B. Turner allowed their data to be used as examples in Part 7. We thank them for this favor. We received technical help from many people. In particular, we acknowledge the assistance of S. P. Gloss, B. E. Kanard, and J. R. Skalski.

B. D. Hannu, B. A. Klein, M. M. Sessler, and P. J. Turner aided in the preparation of the manuscript and related correspondence. E. P. Bergersen allowed access to his computing system and E. A. Rexstad provided computer expertise.
